

Preventative Health Plan

The Preventative Health Plan is designed to provide year-round protection and proactive care for pets. It helps manage routine healthcare costs while ensuring pets receive the best possible preventive treatments.

Benefits of the Plan

- Unlimited nurse consultations.
- Yearly vaccinations.
- Year-round parasite treatment.
- Discounts on additional treatments and services.
- Convenient monthly direct debit.
- Peace of mind knowing pets are protected all year.

Plan Pricing

Additional Member Benefits

- Dental x-rays during dental procedure at no additional cost (usually £50).
- 10% discount on wellness bloods during a health check.
- Unlimited nurse consultations- anal glands, nail clips, diet consultations, weight checks and flea/worming administration.
- Microchipping.

How It Works

1. Choose the plan that suits the pet's species and weight.
 2. Sign up online or in-clinic.
 3. Pay monthly or annually.
 4. Enjoy continuous preventative care and exclusive discounts.
-

Healthy Pets. Happy Owners. Trusted Care.

*The Waterside health plan is not insurance and does not contribute to the treatment of poorly pets. Please ensure you have adequate insurance alongside the plan.
